IMPORTANT NOTE

Please refer to Certificate of Title for any easements or encumbrances.

Where occupation including fences and buildings around the perimeter of a property encroach onto the subject site, the land beyond the occupation may not be reasonable as rights of possession may have passed to adjoining owners. Part title dimensions should not be assumed for design purposes / re-fencing until these issues have been resolved with adjoining land owners. Where fences are shown on this survey plan, they are shown for the purpose of identifying their position in relation to the boundaries of the title. The land beyond the title may not be utilised with a formal application with Land Registry is approved. Until this time you must treat any future building works to the current title position.

The positions of fencing and other occupations in relation to the title boundaries has been exaggerated for the purposes of clarity, and only applies at the natural surface level on the date of the survey and does not show any encroachments that may exist below the natural surface. If no offsets are shown, the fencing is in the correct position.

These notes are an integral part of this plan.

CERTIFICATE BY LICENSED SURVEYOR

I, Glenn Cranko, state:

I am employed by Surfcoast Pty. Ltd. 142a Fyans Street, South Geelong 3220, certify that this plan has been prepared from a survey made under my direction and supervision in accordance with the Surveying Act 2004 and completed on 29/12/2025, that this plan is accurate and correctly represents the adopted boundaries and that the survey accuracy accords with that required by regulation 7(1) of the Surveying (Cadastral Surveys) Regulations 2015.

Date: 19/12/2024
